Miguel De Armas

MIGUEL DE ARMAS is a highly versatile Cuban-born pianist, composer and recording artist. His eclectic style, forged of Cuban and American jazz influences, has thrilled audiences the world over through numerous tours and international jazz festival appearances.

Since his arrival to Canada in September 2011, Miguel has collaborated with many well-established local musicians, including those with whom he shares the stage today. The Miguel De Armas Trio made its Canadian debut at the Ottawa International Jazz Festival in 2012, and — expanded to a quartet — at The National Arts Centre 4th Stage as part of the 2013 Ottawa Winter Jazz Festival.
